Each bottle has a patent sprinkler
attached.

HOBSON DRUG CO.

FORT STREET,
EHLERS' BLOCK.

A SPANISH CLASS.

The Spanish language is coming to
have quite a commercial value, espe-
cially to young men who have an idea
of going to the Philippines or the West
Indies or Mexico. If a sufficient num-
ber report to Secretary Brown of the
Y. M. C. A. this week a desire to join
a class. Dr. Alvarez, the Spanish con-
sult will devote an evening a week to
it and will turn the proceeds over to
the Associated Charities as a fund to
aid worthy Spaniards and Porto Ri-
cans of these islands.

HAD NO JURISDICTION.

The case of Edward Campbell vs. H.
Hackfeld & Company was thrown out
of court this morning by Judge Estee,
who rendered a written decision to the
effect that the federal court had no ju-
risdiction. Campbell libeled Hackfeld
& Company, claiming damages for in-
juries received in an accident which
occurred while he was engaged as a
stevedore unloading the bark Aeolus.
The vessel and master and crew were
not charged with negligence and there
was no claim against the bark.
Judge Estee held that the claim was
not one for admiralty jurisdiction and
sustained a demurrer.

ON KONA-KAU BUSINESS.

W. A. Wall, chief engineer of the
Kona-Kau Railroad, goes to the main-
land today by the Sonoma on business
connected with the road.

FANNING ISLAND NOW CONNECTED

CABLE SHIP ANGLIA COMPLETES
FIRST PORTION OF THE BRITISH
LINE—ON TO SUVA NOW.

Cable communication between Fanning
Island and Victoria is now com-
plete. The cable ship Anglia arrived at
Fanning Island October 17 from Honolu-
lu and completed the work of laying
the cable from where it had been bui-
ld by the S. S. Colonia within a mile of
the shore to Fanning Island proper.
News of the completion of this part of
the Canadian-Australian cable, which
is the longest section of cable in the
world, was brought this morning by the
S. S. Sonoma which arrived from the
Colonies and Fanning Island.

The Sonoma touched at Fanning Is-
land and October 18 from Pago Pago.
At the time the steamship arrived the
cable ship Anglia was lying in the off-
ing at Fanning Island after having
completed the laying of the line. A
boat was sent from the cable ship to
the Sonoma and supplies received from
the Sonoma. Cable Engineer Lucas en-
gined Victoria the arrival of the So-
noma.

Although the cable was in communi-
cation with the outside world, the of-
ficers of the Sonoma state that no news
of interest was given them by the cable
officials on the Anglia. The Anglia
sailed from Fanning Island on October
18 the same day that the Sonoma de-
parted. The Anglia took up the work
of laying the 2,100 miles of cable on the
final link which is between Fanning
Island and Suva.

KONA SUGAR COMPANY

(Continued from page one.)

curbs of debt, and have enough work-
ing capital to properly and efficiently
work the estate.

It is to give somebody a chance to
buy and operate the plantations under
these conditions that the stockholders
meeting is called and the proposal to
sell the property will be made.

TAX APPEAL COURT

The Tax Appeal Court met again this
afternoon and took up the case of M.
Kawahara, who appeals from a ruling
of \$3,339.41 in his case. The case has
been made by A. Barnes, who made
the examination of his books for the
Tax Collector. Barnes was called as a
witness and testified that he had taken
the Jap's own figures and had found
that there was an increase of stock
amounting to the value of \$3,839.41, and
as there was no other way of account-
ing for it, he had put it in as profits.
The Jap had told him that he made 25
per cent profit on one line of goods, 15
per cent on another and 5 per cent on a
third. All the figures submitted, and
from which the appeal was taken by
Kawahara were his own calculations
having been made therefrom, according
to Barnes.

MONTANA VS. CASTLE.

W. R. Castle has filed an answer to
the suit brought against him by Mrs.
Mary J. Montana, for an accounting of
a sale of land in Manoa valley. Castle
declares that the issues raised in the
case have already been determined in a
previous case heard and settled, and he
denies that he has refused to make an
accounting.

MOONSHINERS ARE FOUND IN KALIHI

OKOLEHAO STILL CAPTURED
THIS MORNING ALONG WITH
ITS ALLEGED OWNERS.

Deputy High Sheriff Chillingworth
accompanied by a posse consisting of
Officers San Leslie, Henry Espinoza and
Dan Rogers made a very successful
raid on an okolehao still this morning
in a small gulch toward the head of
Kalihi valley. The raid was successful
in every respect, the largest haul in
the history of Chillingworth's service
in that line of work being made. Man-
uel Silva and his son Joaquin Silva, a
boy about 16 years of age, were cap-
tured and charged with illicit distilling.
The still was located in what is
known as Kamanaki, a small gulch
running to the right from Kalihi val-
ley. The still was probably the largest
the police have ever raided and stood
higher than a man. It was located
close to the bank of a small stream.
The still was in operation when the
officers passed down upon the Silva's.
Nine barrels of moonshine were secured,
in addition to the apparatus and some of
the distilled stuff. The Silvas were
manufacturing the pure article, it is
said, using the ti root.

The trip was very severe on the offi-
cers. They left here last night about
8:30 o'clock and made their way over
ridges into gullies and up onto ridges
again for hours. They did not return
with the spoils until this afternoon.
The police will not turn their prison-
ers over to the evidence over to the Federal
authorities but will prosecute the men
in the police court. The Hawaiian
laws give the police the authority to
make such seizures and Deputy Sheriff
Chillingworth declares he will prose-
cute the present case. If the Federal
authorities wish to take a hand in the
matter after the police are through,
they are welcome to do so he says.

RETRENCHMENT IN VICTORIA.
MELBOURNE, October 2.—The Gov-
ernment intend to effect a reduction of
£190,000 in the working expenses of the
railways. Probably 800 employees will
be dismissed.

A WORD TO TRAVELERS.

The excitement incident to traveling
and change of food and water often
brings on diarrhoea, and for this reason
no one should leave home without a
bottle of Chamberlain's Colic, Cholera
and Diarrhoea Remedy. For sale by
all dealers, Benson Smith & Co.,
general agents.

LEM-MO.

Lenmo, Long and Cold, 5 cents,
at the Miller Candy Co.

Keep your insurance money at home
and buy a policy in the Oriental Life
Insurance Company.

THE CHANGED FEELING IN THE STOCK MARKET

THE WHOLE LIST OF SECURITIES
HAS GONE UP, AND THERE IS
A STRONGER DISPOSITION TO
BUY THAN SELL.

The sales reported on the stock ex-
change this morning included 40 shares
of Waiialua at \$52.50, a very decided ad-
vance over what it was only a short
time ago; 20 Oohala at \$4.125, a slight
advance over the price of the last re-
ported sale; and 50 each of Oiaa as-
sessable at \$5, and paid-up at \$8. In the
case both of the assessable and the
paid-up, the price reported was an ad-
vance of a dollar a share over the last
recorded sale.

Brokers say that the change in the
atmosphere of the stock exchange and
the attitude of the public since a very
few weeks ago is most remarkable.
Then there was a very pessimistic feel-
ing, distrust and doubt. While hold-
ers would not sell unless compelled to
do so, there was no disposition on the
part of any one in the market to buy.

Now there is a decided disposition to
buy. There are plenty of orders for
purchase, and though they are at fig-
ures much in advance of the quotations
of a few weeks ago, there is little dis-
position among holders to part with
their holdings.

There are bids of 23 for Ewa while
a little while ago it could scarcely be
sold for 20. Waiialua which not long
ago was quoted at 50 is now being sold
for 52.50. Oahu has gone up from 60
at which the last sale was made to 80
bid.

It is said, "why should people be
willing to pay \$22 for Ewa now when
they wouldn't pay \$20 a few weeks
ago," said one broker today. "Yet
there is every reason why. A few
weeks ago the conditions that fix prices
included a supposed excess of world's
supply over world's consumption of 1-
000,000 tons of sugar. Now these same
conditions include a shortage of 1,000-
000 tons in the world's needs."

It is one of the most curious inci-
dents of market conditions that ever
came under my observation, this
change from a 1,000,000 excess, to 1,000-
000 tons shortage. It came without any
premonition. It was not discounted in
advance by a growing belief in a par-
ticular set of conditions. One day this
whole world that deals in sugar was
basing their calculations on one set of
figures. The next day they were all
basing them on another set. One day
the tendency was all downwards, and
weakness. The next day it is all up-
wards and strength.

"The transition here was not quite
so sudden, but it was pretty abrupt,
and the difference in the feeling is most
marked."

SHIPPING INTELLIGENCE

(Continued from page two.)

ARRIVING.

Tuesday, October 21.
Smoir, Helene, Nicholson, from Ka-
waihae, Paauhau, Papanoa, Oohala,
Laupahoehoe and Papekou, at 6 a. m.

DEPARTING.

Tuesday, October 21.
Ger. cruiser Cormoran, Van Burski,
for the Marshall and Caroline Islands,
to sail about 4 p. m.

Am. bark Hesper, Syverson, for Port
Townsend, at 11:30 a. m.

PASSENGERS.

THE SONOMA MEETS STORM ON THE WAY

STOPPED AT FANNING ISLAND
AND MEETS CABLE SHIP ANGLIA
PURSER HODSON MARRIED.

The S. S. Sonoma arrived off port this
morning from the south at an early
hour. Her steaming time from Syd-
ney which was left October 6, was 15
days 2 hours and 5 minutes. Thirty
six hours after leaving Sydney, a gale
was experienced. The storm lasted
over a day but after the heavy weather
had subsided the rest of the trip was
delightful.

The Sonoma left Auckland October 16
and brought one day's later news from
the outside world. In addition to
stopping at Pago Pago the Sonoma
dropped anchor at Fanning Island Oc-
tober 18, her arrival being immediately
cabled to Victoria by Cable Engineer
Lucas who was aboard the cable ship
Anglia.

Purser G. E. Hodson of the Sonoma
was married during the visit of the
Sonoma in Sydney this trip. The bride
being one of the society girls of Aus-
tralia. She remained at Sydney, how-
ever, Mr. Hodson returning to the
Sonoma and making the trip in the boat
as usual.

The Sonoma brought a small amount
of cargo for this port. She is very
light with through freight. She has
quite a good sized list of through pas-
sengers for San Francisco.

Mrs. W. Berlovitz, the wife of one
of the travelling salesmen of the Pacific
Hardware company, returned from the
Colonies this morning.

E. H. S. Von Arnheim is a German
capitalist who has been visiting in Aus-
tralia. He says the effects of the ter-
rible drought in that section are ter-
rible.

John Cowan is a tourist who is re-
turning to the United States.

The Sonoma departs at 3 p. m. today
for San Francisco. She takes about
35 passengers from this port.

OPERATOR WANTS MONEY.

Wireless Company Sued by Former
Employee of Line.

An appeal has been taken to the Cir-
cuit Court in the case of William M.
Mahuku vs. John Emmeluth, involving
the right to occupy the "Mahuku pre-
mises," between Fort and Alakea, King
and Merchant streets. Mahuku brought
a suit before District Magistrate Dickey
claiming that Emmeluth had failed to
perform the conditions of a lease, re-
quiring him to pay taxes on the prop-
erty and erect a building thereon. Judge
Dickey sustained a demurrer and an
amended bill was filed. He sustained
a demurrer again, and the plaintiff now
appeals to the higher court. The case of
R. G. Hageman vs. The Inter-Island
Telegraph Company has also been ap-
pealed.

Hageman was an operator for the
wireless company on Lanai, and he
sued for salary amounting to \$149 and
also charging that the company had ap-
propriated his mosquito netting and other
personal effects to the value of \$10. He
afterwards withdrew the suit as to the
valuable netting and effects, but Judge
Dickey ruled against him on the whole
proposition, and he asks the circuit
court to take it up.

In the case of Mary K. Beck vs. John
D. Beck, Judge De Bolt has overruled
the demurrer interposed by the defend-
ant. The case of Ida Dean vs. Charles
E. Dean was postponed for one week.
An amended bill, with a motion that
it be allowed, was filed this morning in
the case of Eleanor S. Dole vs. E. P.
Dole.

W. S. Withers has been admitted to
practice in the courts of the Territory
and has filed his oath as an attorney.

CORMORAN TO SAIL.

The German cruiser Cormoran is to
sail this afternoon for the Marshall
and Caroline Islands on orders. She is
attached to the South Pacific station of
the German navy.

THE WEATHER.

Weather Bureau, Punahou, 1 p. m.
Wind, light N. E.; weather, clear.
Morning minimum temperature, 72;
midday maximum temperature, 82;
barometer, 29.4 m., 20.02, falling, (cor-
rected for gravity); rainfall, 24 hours
ending 9 a. m., .0; dew point, 9 a. m.,
65; humidity, 9 a. m., 64 per cent.

CURTIS J. LYONS, Observer.

TO BE CLEANED.

The bell buoy was brought in this
morning to be cleaned and a conical
buoy painted red with white still black
disc takes its place temporarily.

SHORT OF COIN.

APIA, Sept. 27.—There having been
a great scarcity of silver coin during
the last few months we are informed
that on board the German steamer Ol-
denburg, which left Bremerhaven on
the 15th of August there were ships
for Samoa 200,000 Marks, in 2 M. and 1
M. pieces.

ISLAND STEAMER DAY.

The Claudine sailed today with a
good sized list of cabin passengers.
Owing to her having to take a large
number of Japanese laborers from
quarantine island, no deck tickets were
sold. The Mauna Loa sailed today on
her usual run. She took a fair sized
crowd with her. The Maui sails to-
night at 5 p. m., as do the W. C. Hall,
Nouau, Hawaii and Eclipse.

HELENE BROUGHT FREIGHT.

The steamer Helene arrived this
morning from Hawaii ports. She expe-
rienced some of the heavy weather last
week, having to lay one day in Lau-
pahoehoe on account of the heavy sea.
She brought 4465 bags of sugar, 39 bags
of coffee, 15 head of cattle, 1 roller
shaft and 65 tons of old iron which
had been part of the old Hamakua mill.
The Helene began discharging sugar
into the schooner Helene alongside the
Allen & Robinson wharf.

Want ads in the Star bring quick re-
sults. Three lines three times for 25
cents.

THE ANNUAL MEETING OF THE

Dated Honolulu, October 20th, 1932.

OF THE MULTITUDES
who have used it, or are now us-
ing it, we have never heard of
any one who has been disappoint-
ed in it. No claims are made for
it except those which are amply
justified by experience. In com-
mending it to the afflicted we
simply point to its record. It
has done great things, and it is
certain to continue the excellent
work. There is—we may hon-
estly affirm—no medicine which
can be used with greater and
more reasonable faith and confi-
dence. It nourishes and keeps up
the strength during those periods
when the appetite fails and food
cannot be digested. To avoid
imitations and substitutions, this
"trade mark" is put on every

bottle of "Wampole's Prepara-
tion," and without it none is
genuine. It is palatable as honey
and contains the nutritive and
curative properties of Pure Cod
Liver Oil, extracted by us from
fresh cod livers, combined with
the Compound Syrup of Hypo-
phosphites and the Extracts of
Malt and Wild Cherry. Taken
before meals it creates an appe-
tite, aids digestion, renews vital
power, drives out disease germs,
makes the blood rich, red and
full of constructive elements and
gives back to the pleasures and
labours of the world many who
had abandoned hope. Dr. S. H.
McCoy, of Canada, says: "I tes-
tify with pleasure to its unlim-
ited usefulness as a tissue build-
er." Its curative powers can al-
ways be relied upon. It makes a
new era in medicine and repre-
sents the best medical advice of
the twentieth century. Effective
from the first dose. "You can-
not be disappointed in it." Sold
by all chemists the world over.
